allow  
me to  
introduce  
myself

hi i'm melinda

I'm the gal behind the camera and business owner of Melinda Kaye Photography. During my first maternity leave in 2019, I decided to finally pursue my passion for photography. What started out as a hobby quickly turned into my dream job, and I eventually left my full-time marketing job to go all in.

I live for capturing the special moment's in life- from engagements, weddings, newborn shoots... and everything in between, I couldn't image doing anything else. My goal is to capture whimsical and intimate moments showcasing emotion and connection between loved ones. I strongly encourage you to be silly, be in love, be you, and let me share that and capture it with you. I can't wait to work with you!

x,

Melinda
